SOUTHEASTERN WATER ASSOCIATION)

O R D E R

On August 22, 2005, Commission Staff issued to Southeastern Water Association ("Southeastern") a data request which contained the following items:

1. Provide Complainant's billing records from December 2003 until present.
2. Did Southeastern Water conduct an investigation of Complainant's claim regarding his billing? If yes, provide the documents and details resulting from the investigation.
3. Did Southeastern Water test Complainant's meter after his complaint? If yes, provide the results of the test.
4. Provide the testing history for Complainant's meter.

The data request required Southeastern to provide responses to the above items within 10 days of the date of the data request. Southeastern did not respond to the data request.

On May 1, 2006, Commission Staff reissued the data request to Southeastern, requiring responses to be filed by May 22, 2006. Southeastern filed its response on May 11, 2006.

Southeastern's response, however, did not address Items 3 and 4 of the data request. On August 8, 2006, the Commission issued an Order directing Southeastern to respond to Items 3 and 4. On August 17, 2006, Southeastern filed a response to Item 3 only. The information sought via the data request being important to the resolution of the case, Southeastern must file a response to Item 4.

IT IS THEREFORE ORDERED that:

1. Within 10 days of the date of this Order, Southeastern shall file with the Commission its response to Item 4 of the August 22, 2005 data request of Commission Staff.
2. Extensions of time in which to respond to this Order will be granted only for good cause.

Done at Frankfort, Kentucky, this 7th day of September, 2006.
